GATHER FOR THE GIFT:

Milwaukee's first annual *Gather for the Gift* will contribute toward Gift of Adoption's goal of helping more than 100 children get home to loving, permanent families this year. Our goal is to raise more than \$50,000 to care 10 vulnerable children with qualified families and care to make their home a home for a child in need.

ABOUT GIFT OF ADOPTION-WISCONSIN:

Gift of Adoption (GOA) is a national 501 (c) (3) charitable organization that provides the final funds needed to complete the adoption of vulnerable children in the United States and abroad. Since GOA's founding in 1996, \$1.4 million in grants have been awarded and more than 1,823 children have been adopted. GOA grants are awarded to qualified U.S. parents without regard to age, race, religion, ethnicity, marital status or sexual orientation.

The Wisconsin Chapter of Gift of Adoption founded in 2002 and since then has awarded more than \$485,000 to complete adoptions of more than 170 children. These grants have given precious children from around the world and the United States permanent homes and the chance to thrive.

GOA MISSION:

To fill the void that separates *child from family* - through adoption assistance grants that give vulnerable children a permanent home and the chance to thrive.
