

GIFT OF ADOPTION

giftofadoption.org

We believe a child without a family is one of the greatest tragedies because a child without a permanent home suffers.

Psychologists and foster homes do not offer permanent solutions for the millions of children who need a family. All children deserve the dignity and love that comes from being a permanent part of a family.

Gift of Adoption is committed to creating these families.

Gift of Adoption is a national charitable organization that helps adoptively growing parents in qualified states – giving children who need families a permanent home and a chance to thrive.

We cannot bring our child home. We cannot help.

If you are facing a financial burden on your adoption journey, learn how Gift of Adoption may be able to help.

A Gift of Adoption grant will help cover the financial obstacles to bringing your child home. Gift of Adoption is the premier adoption assistance organization – putting adoption in reach by granting the best resources to qualified families who need financial assistance regardless of race, religion, age, or marital status.
